...Change Your Life

Here's What Kangen™ Water Drinkers Have Experienced

Jim and Lois

Jim: I have long-suffered with **Fibromyalgia**, **Rheumatoid Arthritis**, and a perpetual **loose stool**. I have tried many remedies in the past to alleviate my pain and symptoms and found nothing that would restore my physical functioning. My wife, Lois, and I began drinking Kangen water 3 months ago. After 2 weeks of drinking the water, I was pain free. It even dissolved the **fatty tumors**

I had on my abdomen and torso. I am still pain-free and getting stronger every day!

Lois: Even though I eat healthy and exercise regularly, my **bad cholesterol** (LDL) climbed to 178. My Doctor

was ready to put me on a cholesterol-lowering prescription with many side effects. I asked my doctor to give me 3 weeks to try something natural (Kangen water). He agreed. After drinking Kangen water for 3 weeks, my LDL plummeted to 135. My doctor said he had never seen cholesterol lower so quickly in a woman! No prescriptions for me!!

Franklin

My name is Franklin. When I was 10, I was diagnosed with **Juvenile Type I Diabetes** (insulin dependant). I've been drinking Kangen water for 5 weeks and my blood sugars are more stable in the 80 to 140 range. My parents

listened to a radio talk show featuring Dr. Dave Carpenter who had a patient with Type I diabetes. His patient was able to get completely off insulin after drinking Kangen water for 2 years. His Alpha (eyelet) cells regenerated and produced insulin again when his pH became more alkaline with Kangen water. I know this can happen in my body, too.

I also have **Aspergers Syndrome** (high functioning Autism), which makes it hard for me to stay focused and follow instructions. My teachers and parents can't believe the radical improvement in my focus and attention span since drinking Kangen water. I didn't like drinking water before, but I like Kangen water. It tastes good!

Eddy

My name is Eddy. In August of 2006 I was diagnosed with **Aggressive Melanoma**. I had brain surgery to remove the tumor and the tumor grew back. I also had 16 whole brain radiation treatments and chemotherapy. I got a second opinion and they stated that I had six months to live. I began drinking Kangen water and ate as nutritionally as I could. After 4 weeks of drinking Kangen

water, I received another CT scan of the brain and it showed no tumors! I'm healed of cancer and am growing stronger every day!

What Makes This Water Like No Other?

pH (percentage of hydrogen)

Almost all water sources in our country have an acidic pH. Drinking these waters on top of our acidic American diet contribute to acidosis. Acidosis is known to lead to acid reflux, irritable bowel syndrome, diabetes, high cholesterol, cancer, arthritis and many other ailments. Our body is healthiest with a slightly alkaline pH (opposite of acidic). The alkaline pH of Kangen water (ranging from 8.5 to 9.5) creates a healthy environment in our body, providing the right atmosphere for healing and maintaining great health!

ORP (Oxidation Reduction Potential)

ORP measures the ability of a substance to pull contaminants away from healthy cells. A negative ORP pulls contaminants away, which is also known as antioxidation. Kangen water has the greatest antioxidation ability (low ORP number) of any known substance. Its ORP is -387 (that's NEGATIVE 387!). The ORP of most other waters range from +250 to +350. Positive numbers mean there is no antioxidation occurring. As you can see, Kangen water is in an antioxidation league of its own.

Small Water Molecule Clusters

Kangen water is restructured to organize and reduce the water molecules (H₂O) into small clusters (like clusters of grapes) of 5-8 molecules per cluster. Most other water molecules cluster in groups of 16-25. Small clusters mean that the water can flow in and out of your cell membranes faster and more efficiently. This allows nutrients to be carried into your cells for maximum absorption and hydration. Contaminates can then be carried out of your body faster.

This 3-in-1 combination creates a powerful healing environment in your body. If you want more proof, listen to the FREE DVD of Kangen Water drinkers' testimonies. If you didn't receive a DVD with this Brochure, ask your Independent Distributor for one.

You Choose What Fluids to Fill Your Body Tank Every Time You Swallow

Your Body is Composed of 70% or More Water

ACIDIC DRINKS

- Low pH (acid)
- Positive ORP (not antioxidizing)
- Large Water Molecule Clusters (slower absorption)
- Feel Tired

KANGEN™ WATER

- High pH (alkaline)
- Negative ORP (antioxidizing)
- Small Water Molecule Clusters
- Improved Mood and Energy

Kangen™ Water Reverses the Effects of Illness

Acidic drinks and food lead to acidosis, creating an environment in your body for bad health, such as:

- Acid Reflux
- Arthritis
- Allergies
- Asthma
- Cancer
- Fat
- Gout
- High Cholesterol
- Indigestion
- Irritable Bowel Syndrome
- Low Energy
- Type I & II Diabetes
- Chronic Fatigue
- Eczema (and other skin disorders)

Kangen water is fresh tasting, with no after taste.

The built-in filter, made from granulated carbon and calcium sulfite, is antibacterial activated and removes 95% of the chlorine. The result is a clean, clear, pure refreshing taste.

A Kangen™ water-filled body leads to:

- Increased Energy
- Anti-aging
- Positive Mood
- Stabilized Blood Sugars
- Sound, Restful Sleep
- Weight Loss
- Better Digestion
- Lower Cholesterol
- Clear Skin
- Disease Reversal (Hepatitis C, Cancer, etc.)
- Discontinuing Taking Costly Prescriptions
- Increase of Residual Income

Here's What The Experts Have To Say About Kangen™ Water

"I have administered over 5000 gallons of this water for about every health situation imaginable. I feel that restructured alkaline water can benefit everyone."
Dr. Theodore Baroody; Author, *Alkalize or Die*

"You do not need expensive medicine with all the negative side effects to regain health. Alkaline water has profound long term effects because it alkalizes your body and provides an effective antioxidant."
Dr. Infreid Hobert, M.D.
